1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

- (b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.
- 2. Claims is 1-10, 12-18, 22-32, 34-40, 45 and 46 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Mansukhani et al or Bunczek et al. Applicant is referred to paragraph nos. 4 and 6 paper No. 8.
- 3. Applicant's arguments filed January 16, 2004 have been fully considered but they are not persuasive. Applicant's claims do not preclude the lower molecular weight polyvinylacetates found in Mansukhani et al or the siloxane used in Bunczek et al. Additionally, the manner in which the chewing gum is used is entitled to no patentable weight in applicant's composition claims.
- 4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
